

Huggard is a charity which has been working with, and for, homeless people for more than 35 years from our headquarters in Cardiff city centre. We are open 24/7 and offer emergency interventions around housing, health issues and other needs of people in crisis.

As part of our commitment to supporting them out of homelessness, we operate a number of training programmes.

One of them is Huggard Catering which is based in our commercial kitchen and is run by a trained chef/manager. We provide two hot meals a day and much of the preparation and serving is carried out by client volunteers, who are learning catering and hospitality skills.

Huggard Catering is delighted to also offer a range of buffet lunches available to order for day time events across Cardiff. All profits are re-invested in Huggard Catering and our Food Programme.
